What sets us apart?

Exceptional Representation

Batting, Wyman Barristers was founded upon providing exceptional representation to those charged with Criminal Code offences. Our mantra is that there are no unwinnable cases and we pride ourselves in the reputation we've built amongst the judiciary as well as our peers. We employ a client focused approach to ensure that the individuals we represent are alive to the ongoing developments of their case and are involved in the trial strategy going forward.

Limited Number of Files

We also have taken the unusual step of limiting the number of files we take on at any given time. Such a practice allows us to be perpetually available to our clients in order to answer questions that may arise during the course of a file.

Unparalleled Trial Counsel

While our firm's values are of paramount importance, it's in the courtroom that our abilities are most on display. We provide unparalleled trial counsel versed in the conduct of serious prosecutions. While the stakes are undoubtedly high, our clients receive the peace of mind in knowing that their case is in the most capable of hands.
